

VERDICT OF JURY

WAS TO EFFECT THAT MRS. MULOCH CAME TO HER DEATH

FROM NITROUS OXIDE GAS

Inquest Held Thursday Afternoon by
Coroner J. H. Todd in
Parnell.

Verdict of Coroner's Jury.

We, the jury find that Mrs. Muloch came to her death from nitrous oxide gas, said to have been given by Dr. C. B. Hutchison, dentist, of St. Joseph.

A. J. MILLIGAN.

Foreman.

G. M. SPOONEMORE.

W. T. LOGAN.

T. BEATTY.

J. H. COOPER.

H. A. FRAWLEY.

The above is the verdict of the coroner's jury held in Parnell Thursday afternoon, conducted by Coroner J. H. Todd. The evidence before the jury was that Mr. Muloch accompanied his wife to St. Joseph on Monday, March 13, for the purpose of having her teeth extracted. They went to the office of Dr. C. B. Hutchison. She was at once placed in the chair and gas was administered for the purpose of allaying pain. The gas took almost immediate effect and Mrs. Muloch became wild and delirious. Soon after she lapsed into death-like unconsciousness, and a number of teeth were extracted while she was in that condition. She was soon aroused, however, and got out of the chair and attempted to leave the room, still in a dazed state. She was brought back to the chair by the dentist and her arms were held while more gas was administered from a machine that seemed to be muck out of order. A number of teeth were extracted after the gas had taken effect the second time. Then Mr. Muloch asked them to cease further work, and brought her home in an unconscious state, from which she did not recover, and died Wednesday night.

NEWS OF PLATTE VALLEY AND VICINITY

A light snow fell Saturday night while Boreas was waiting and howling and blowing a gale, but the warm rays of the sun on Sunday soon quieted his blowing.

The little 18-months-old daughter of Dick Stalling was reported as having the brain fever, died Sunday night about 12 o'clock. Interment in Barnard cemetery.

PURPOSE OF THE HUMANE SOCIETY OF MARYVILLE

(Paper read by Mrs. E. G. Orear before the Twentieth Century club at the Elks' club Tuesday afternoon.)

One of our late poets has written—
"So many laws, so many creeds,
So many paths that wind and wind,
When just the art of being kind
Is all the sad world needs."

In 1866 Henry Bergh, then called a fanatic and dreamer, laughed at as an impractical knight-errant by a host of otherwise very decent and estimable people, founded the American Society for the Prevention of Cruelty to Animals, the first of its kind in the United States. In 1898, forty-two years later, a chair was established in Columbia university on "The Henry Bergh Foundation for the Promotion of Humane Education." Between these two dates, bounding less than half a century, lies a story of progress brilliant enough, fascinating enough to cheer the heart of every worker in the same great cause. By arousing an appreciation of these creatures of God's world we shall instill a love for them which will most certainly result in greater humane-ness toward animals, and so, by evolution, toward human beings also. As building gradually on a very sure foundation—love—we shall have done our share to set a higher standard and to have helped ourselves and others to become better citizens.

It was upon this foundation of love that the Twentieth Century ladies took upon themselves the care and support of a dear old lady, and for her maintenance was raised a sum which now we often refer to as "The Thomas Fund."

After the death of Mrs. Thomas the club decided that as the money was generously donated for a charitable purpose, to hold it intact to be used at some future time. Many months elapsed before any action was taken to use this fund. It was March 13, 1909, at a club meeting held at the home of Miss May Orear, during Mrs.

Grandma Bear, who has been suffering from paralysis for eight years, died Monday morning at the advanced age of 86 years, and was buried Tuesday near Rosendale.

John Covey, son of N. G. Covey, who was enlisted in the U. S. army, died in a Hot Springs, Ark., hospital. The body was sent back to Guilford and was interred Monday. He was about 45 years old.

Tom Ivie was a St. Joseph visitor last Thursday.

Sa, Mister Man, the new Reissner's restaurant is headquarters of Adolph and Oscar. Kom in und gldt something to eat.

The Guilford Telephone association will meet in mass meeting March 20 for the purpose of considering a proposition to purchase the property and lots belonging to J. D. Craig on block 5 for a central office.

K. C. Knudson sawed wood last Friday for C. C. Nelson with his gasoline engine.

Davis Bros. were sawing wood two or three days last week on Dan Skidmore's lumber yard. Several men clabbed together and made a big job of it.

John Aldridge and wife and John Winters' children visited at Roy Wilson's Sunday, who had moved the previous week onto the Frank Breit place. Roy hauled out from Guilford on Saturday a wagon load of new furniture.

Tom Wiles of Maryville was in Guilford Saturday talking up the building of silos. He is agent for a patent door for silos.

Miss Carrie Fuller gave her young friends a party last Saturday evening at her home. A merry time was had.

Miss Effie Richards dismissed her school on Monday and Tuesday, on account of the death and burial of her grandmother, Mrs. Bear. Miss Richards has six weeks of school yet to teach. She has given good satisfaction to all during the year.

Grover Skidmore, the editor of the Guilford Times, is getting stronger now. He has been improving very slowly since his sick spell he had last fall. Guilford boasts now of four general merchandise stores, two drug stores, two restaurants, two banks, two livery stables, etc.

Paul Skidmore and wife left this week for Seattle, Wash. Button Torrance is hauling wood this week, getting ready to have his summer's supply sawed with a gasoline engine.

Oren, the 3-year-old son of W. T. Throckmorton, is quite sick with bilious grip, and two other of his children are not feeling well at present.

Some of the farmers are beginning to feel like farming time is here. Ollie Breit is breaking sod. Others are getting their year's supply of wood sawed. Some are making early garden.

Tom Ivie went up near Bedison Sunday afternoon to visit his father.

INTERESTING AND UNIQUE BANK ADVERTISEMENT

The Democrat-Forum today contains an advertisement that is both interesting and unique. The Real Estate bank has borrowed from the German government the idea of endowing new born babies with bank accounts, and announces that it will give to every baby born in Nodaway county during the coming year a certificate of deposit that will draw interest and be compounded every year until the youngster is 21. He may then draw the amount due him and go happily on his way.

The scheme is a new one and should not only provide all the new babies with bank accounts and make them the envy of their seniors, but it should encourage them to add their spare change to it and build it up to prosperous proportions. It may also be noted that this is only one of several unique ideas originating with the Real Estate bank. So far as is known there is not another bank in the United States with the same.

COURT ADJOURNED TO THURSDAY, MARCH 30

The jury in the case of the state against J. Long of Elmo, who is charged with the violation of the local option law, brought in a verdict late Thursday afternoon of not guilty. The prosecuting witness was Mayor A. J. Horn of Elmo. The defendant was represented by Cook, Cummins & Dawson and the state by Prosecuting Attorney Wright and his assistant, M. E. Ford.

A decree of divorce was granted to Olla V. Sewell against Enola G. Sewall. The parties used to live near Parnell.

Circuit court adjourned Thursday afternoon to meet again on Thursday, March 30, when Judge Arch B. Davis of Chillicothe will come to Maryville to sit as special judge in the paving tax bill cases.

Distribution of Cowpea Seed by the Missouri State Board of Agriculture.

In addition to the free lectures to be delivered by experts of the Missouri agricultural college on the special train which will be operated by the Wabash railroad over its lines in Missouri, March 21st to 23rd inclusive, Wabash ticket agents at all points where this special train stops, will be supplied with a quantity of cowpea seed with instructions to sell at 10 cents per quart to applicants until the supply is exhausted. Only one quart of seed will be furnished to each individual, and it must be obtained before the arrival of the special train. None will be delivered while the train is at the station. The object in distributing this seed by the state board of agriculture is to secure a more extended use, both as a feed, as a fertilizer and to get more of the seed grown. The price of 10 cents per quart is the actual cost. Instructions as to planting, etc., will be furnished with each package.

For further particulars see your Wabash ticket agent.

HAS PURCHASED BARBER SHOP

Noah B. Thompson has purchased the barber shop under the Nodaway Valley bank and will take charge of it Monday, March 20. Mr. Thompson is an experienced barber and has been with Winnie Woodard for some time.

Miss Stella Galbraith of Bedison was in Maryville Thursday.

THE BOARD MEETING

REGENTS MET IN ST. JOSEPH AND ELECTED OFFICERS.

TO BUILD SIDEWALK

On West Seventh Street to Normal Sidewalk—To Push Erection of Building.

The board of regents had a busy day at their meeting at St. Joseph Thursday.

The board voted unanimously to join the citizens of Maryville in building a sidewalk from Walnut street on Seventh through to the walk now leading up in front of the Normal building. The citizens will build the walk from Walnut street to the east side of the Normal grounds, and the board of regents will extend it from that point on to the main track of the grounds.

This will be of great convenience to a very large number of students and people in getting to the building. It will make one of the best entrances to the Normal grounds.

A vote was also passed to give the State Dental association the use of the buildings and grounds for its annual convention in June, 1912. This would bring some five hundred of the leading professional men of the state to the town, and would be a great advertisement for it.

In regard to the completion of the building, the president of the board was instructed to procure legal counsel in Maryville, and to proceed at once to act upon and carry out the provisions of the Marshall contract, and to push the erection of the building to a finish as rapidly as possible.

The new officers elected were W. A. Blagg, president, and W. G. Hine, vice-president. Those present at the meeting were W. A. Blagg, Maryville; W. G. Hine, Savannah; W. F. Rankin, Tarkio; O. P. Williams, Plattsburg; J. B. O'Brien, St. Joseph; State Superintendent W. P. Evans, Jefferson City; W. A. Rickenbrode, secretary of the board, and President H. K. Taylor.

The members of the board cannot say enough in regard to the excellent entertainment given them by Superintendent Whiteford and the board of education of St. Joseph.

Those attending the board meeting were taken by Mr. Whiteford and the board of education in automobiles to the Central high school, which building was thoroughly inspected by the party to their great interest. The 1,100 students of the school were then assembled in the chapel, where speeches were made by Superintendent Evans, Mr. Blagg and Dr. H. K. Taylor.

The tour was then extended to the Bartlett school, where an elegant luncheon was served to the party by the junior and senior classes of the school. This is one of the colored schools of St. Joseph. The teacher of the domestic science department is one of Mrs. Rhorer's graduates. The menu given below will give only a partial idea of the excellence of the luncheon served under her direction:

Potato Balls. Baltimore Relish. Cream Soup with CROUTONS. Baked Fish. Hot Tartare Sauce. Broiled Porterhouse Steak. Glazed Sweet Potatoes. French Peas. Creamed Chicken in Patty Cases. Fruit Salad. Mayonnaise Dressing. Cheese Fingers. Cream. Cake. Salted Nuts. Bon Bons. Crackers. Cheese. Coffee.

Such royal treatment as given by the board of education, Superintendent Whiteford and Principal Jordan was highly appreciated by the visitors, and they wish to extend again their heartfelt thanks for it.

LARGE HEN EGG WEIGHS 7 OUNCES

Arch Frank of the Maryville National bank was showing his friends around the city Thursday and Friday a large hen egg that measures 8x9 and weighs seven ounces. The egg was laid by a hen belonging to Mrs. John Gex, living near Graham. Mrs. Gex has quite a number of fine chickens and takes quite an interest in raising chickens. The egg is probably the largest in the county, John Gex declares.

Will Be Here Sunday.

Prof. H. P. Swinehart is expecting Mrs. Swinehart to arrive in Maryville Sunday morning. Mr. and Mrs. Swinehart will make their home in the Miller property, on the corner of Walnut and First streets.

Mr. and Mrs. Charles Shipps and two little sons of Arkoe were in Maryville Thursday visiting Mrs. Shipps' parents, Mr. and Mrs. L. F. VanBrigle.

DEATH OF HIGH SCHOOL STUDENT

Charles Stark, the 17-year-old son of Mr. and Mrs. Jonathan Stark, living east of Maryville, died at 10 o'clock Thursday night at the home of his grandmother, Mrs. Adolph Stauble, on East First street, from an attack of measles and pneumonia fever.

The funeral services will be held at Oak Hill church Saturday afternoon at 1 o'clock, conducted by Dr. J. S. Burial in Oak Hill cemetery.

The young man is survived by his parents, and two sisters, Rosanna and Anna Stark. He came to Maryville in September and became a student at the high school, making his home with his grandmother, Mrs. Rosanna Stauble. He was a fine student and a devoted worker in the Epworth League of the First M. E. church, of which he was a member, and was held in high regard by schoolmates, teachers and all who knew him for the generous, bright, clean, upright life he led. He knew that he could not live, but he had no fears for the unknown future and passed away peacefully in the faith that had kept him clean and good from his childhood. The family and relatives have the sympathy of many friends in their sorrow.

UP TO GOVERNOR

NORMAL ENABLE BILL PASSED BOTH SENATE AND HOUSE

WILL PROBABLY SIGN IT

It Permits the Board of Regents to Sell Seminary Grounds for a Good Purpose.

A telegram received by The Democrat-Forum from Representative Anderson Craig at Jefferson City this afternoon says that the Normal enabling bill to sell the seminary grounds had passed both the senate and house, and that the bill is now up to Governor Hadley to sign.

It is thought that Governor Hadley will sign the bill.

The purpose of the board of regents in selling the grounds is to raise money in order to build dormitories for the students.

GUESTS OF BANK AT BEDEORD, IOWA

Joseph Jackson, Sr., president of the First National bank, and George L. Willey, president of the Maryville National bank, returned Wednesday evening from Bedford, Ia., where they were 1 o'clock dinner guests of President Frank Dunning of the Citizens bank. Other guests were Messrs. Evans and Britain of St. Joseph, E. C. Wolfers of Hopkins, Frank Winder of Corning, E. M. Wentworth of Des Moines, B. J. Flick, Clyde Dunning, H. P. Lon, Milton Dunning, G. A. Meuzies and Rev. Fred N. Willis of Bedford.

Returned from Michigan.

Mrs. W. P. Carpenter returned to Maryville Friday morning from Baginaw, Mich., where she and Mr. Carpenter have been several months on account of his ill health. Mrs. Carpenter came to Maryville on account of the illness of her father, J. P. Heaton.

CRANE'S

ALDERMAN NEAR DEATH

As Result of Accident, Merrill Alderman Lies in Hospital in Hopeless Condition From Fracture of the Skull.

As the result of an accident, Merrill J. Alderman, secretary-treasurer of the Alderman Dry Goods company, lies in a hopeless condition at St. Francis hospital from a fracture of the skull.

Mr. Alderman went to the postoffice Friday forenoon about 10:30 o'clock to get his mail, and in coming out of the door collided with a bicycle ridden by Alva Martin, colored, an employee of the Westfall restaurant.

Mr. Alderman was looking over his letters and papers as he came out of the postoffice and facing south. As he stepped quickly off the walk in front of Tilson's mail wagon, it is supposed he heard the sound of the approaching bicycle, which was nearly on him, and turned to the west. Martin was coming at a good speed from the west. Each tried to avert a collision, but turned at the same moment in the same direction.

Mr. Alderman was struck in the stomach by the bicycle and thrown backward with terrific force on the pavement. He was carried into Westfall's restaurant and laid on the counter and was at first thought dead.

Dr. P. R. Anthony and Dr. Charles T. Bell were summoned. They found it necessary to remove him to St. Francis hospital to ascertain just how seriously he was injured. Assisted by G. A. Nash, an examination was made of his injury. They found the fracture three and a half inches long at the base of the brain. All that could be done was to raise the bone to relieve the pressure on the brain. They regard his condition hopeless.

Merrill Alderman is one of the best young business men Maryville has ever known. A gentleman in the truest sense.

He has been associated with his father, C. J. Alderman, in his business since his graduation from the

Maryville high school, and was "the right-hand man" of the company. He married Miss Evalyn Lyle, the daughter of Mr. and Mrs. Rankin Lyle of this city, about two years ago.

The sorrowing family has the sympathy of all Maryville and surrounding country in the bereavement that will soon be theirs.

WM. THROCKMORTON IS IN KANSAS

A. M. Sharp, a banker of Neodesha, Kan., arrived in Maryville Friday. Mr. Sharp came here to look into the affairs of William H. Throckmorton, who used to live near Guilford.

Throckmorton disappeared some three or four years ago from his home near Guilford. He had a fine 80-acre farm and was a single man. No word was received from him and even his relatives did not know his whereabouts.

Throckmorton left, leaving several small accounts and an attachment on the land was issued and Sheriff Tilson sold the farm about a year ago, after first trying to locate Throckmorton. After the debts were paid some \$1,200 was left, which is still in the hands of Mr. Tilson.

Mr. Sharp said Thursday that Throckmorton was a resident of the county below his, and that he had visited lately in Neodesha with his brother-in-law, Peter Collins.

This is the first word that has been received from Throckmorton, who was thought by some to have been foully murdered, and by others to be mentally deranged.

MRS. MOORE'S FUNERAL SUNDAY

The funeral services for Mrs. John L. Moore, who died Thursday afternoon at her home, on South Main street, will be held Sunday afternoon at 2 o'clock. It has not yet been decided whether the services will be held in the First M. E. church or at the family home. Announcement will be made in Saturday's paper.

WHAT THE HUMANE SOCIETY SHOULD BE AND SHOULD DO

(The following paper was read by Miss Jessie Parcher at the Twentieth Century club meeting Tuesday.)

Since the world began, and through its varying stages of progress, it has ever been that beginners should look to those who have attained for guidance and example. New governments form their laws from countries which are established; individual men and women, to be successful, pattern themselves after those who have succeeded; children honor the words of parents, and, down to the animal world, might is right by the power of superior strength and development.

The movement for a Humane society in Maryville is in its infancy. Its existence has never been, though its need has long been apparent. Now, hope is growing that it will be established, and be an aggressive agent in correcting some evils and abuses which exist through human ignorance, thoughtlessness and lack of appreciation for an animal's rights. Personal opinion may be freely expressed as to a course of procedure in punishing these evils, but this counts for little to an organized, working society, and here, as in other things, the fledgling enterprise needs an example which shall be an incentive and a goal toward which it may work.

We haven't far to go to find a society which can furnish inspiration for a good while to come, and this is the Humane society of Kansas City, Mo., which was incorporated December 24, 1883, being now in the twenty-eighth year of its great usefulness.

The motto of the organization is: To prevent cruelty, to protect children, to promote humane education. Prevent, protect, promote—they are three right good words, are they not? And its further watchword is: Prevention, through education and reform. Punishment is not the prime object of this society, nor should it be ours. The power of the law to punish is invoked only when all other means fail, though it is resorted to at times, as is shown by the society's record of arrests for the year 1910.

which shows thirty for cruelty to animals and seventy-seven for cruelty to children.

Prevention of cruelty, through humane education, would seem to be the very best foundation for a universally successful humane society. Some very good people are woefully lacking in applied kindness, as, for instance, the unthinking woman who refused to stoop to place a drink of water for little thirsty chickens, because, as she said, "her tastes didn't run that way," or the man who, cruelly heartless in one way, and as cruelly kind in another, drove his horse all day without food and drink, and then, when he did feed him gave thirty ears of corn at once to make up for the lost meals. Then there is the too frequent case of the able, capable farmer or stock raiser who has the idea that a barbed wire fence is sufficient protection for horses and cattle, both from the icy blasts of winter and the sultry winds of summer. These are little things, and foolish, perhaps. Yes, but little things make up big things, and they go to show the trend of people who would not make good members of a humane society, because humanity, as much as charity, should begin at home.

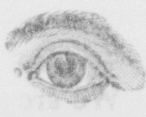

To these persons the blood of an animal is not life blood, warm and wet; its nerves are incapable of responding with a tingle of pain or pleasure; the heart never throbs in answer to a rebuff or a caress; and least of all is it in their minds that an animal's eyes are as truly the windows of some kind of a soul as are those of any human.

If "man's inhumanity to man makes countless thousands mourn," who shall be able to count the number of man's best friends made to mourn?

Henry Ward Beecher once said that he thought "a good horse was a deal more likely to go to heaven than a bad man."

The Missouri legislature has ratified the federal constitutional amendment for the income tax. So far, so good.

If the lower house of the Missouri legislature will promptly pass Senator Humphrey's bill which was passed by the senate, prohibiting dramshop licenses from being granted to any one outside of incorporated cities, it will do the decent people of the state a great service. The bill is intended to reach the low resorts commonly known as "road houses."

that have sprung up in the counties around the larger cities. They have defied the law, and nothing short of a standing guard of state militia has been found to keep them within any bounds whatever. They should be abolished immediately and perpetually.

The good people of Bethany, in Harrison county, have paved the streets around the square, and they will be proud of it as long as time shall endure. Now if a kind Providence would send a stray bolt of lightning into their old court house, Bethany can "point with pride" to many things, but the court house it not included in the list.

There will be three vacancies in the school board to be filled at the April election. It only takes three men to fill three places, but they should be the very best men who can be prevailed upon to serve. Our public schools are of great importance, and the filling of the school board should not be a merely perfunctory matter. Those now on the board are entitled to the best assistance they can get. They should not only be good men so far as good citizenship is concerned, but they should be qualified for the place—public spirited and interested in the cause of education. The Democrat-Forum does not know of any one being specially mentioned for the places, and therefore speaks from an entirely impersonal standpoint. It is a matter, however, in which all the people are interested, and the people should see that good and capable men are willing to serve and that their names are presented at the proper time.

PURPOSE OF THE HUMANE SOCIETY

(Continued from page 1.)

Seaver is encouraging. He will be in Maryville within a few weeks to look over the conditions here, and I know when he sees how badly our town needs a place for our dumb animals to quench their thirst he will grant us the fountain.

It was Mrs. Smithies, the authoress of the well known "Mothers' Lessons in Kindness to Animals," who organized in 1875 a Band of Mercy at Wood Green, Middlesex, England, to protect all animals from cruel usage and to promote their humane treatment. This was the origin of the movement which has now spread all over the world. At present there are 78,179 Bands of Mercy, with probably over two million members.

I would like to tell you of one band in a little town in Kentucky where I have visited. It was organized for children and has for its objects teaching the children to be kind tender and merciful to every living creature. The members of the band, when admitted, are required to take a pledge as follows:

"I promise to be kind to all harmless living creatures and protect them from cruel usage."

I know of no organization that should appeal to the young, and especially to their parents, that they may have such principles of tenderness and care toward harmless creatures early instilled in their children's minds.

John Bright, that great thinker and believer in independent individuality, rightly said:

"If children at school can be made to understand how just and noble it is to be humane even to what we term inferior animals it will do much to give them higher tone and character throughout."

The same thought ran through the mind of Ruskin, that enthusiastic lover of nature and founder of the Society of St. George, when he wrote: "It is character building which is our great business in the world—no small part is done by our treatment of the animals committed to our care."

John Bright said:

"If children at school can be made to understand—"

Ah, there is the rub. They can be taught at school—but are they?

Will not some lady in this club take up the cause among the children? I am sure the time so spent would reflect much good.

At present the Humane society has twenty-two members, and we hope every man, woman and child will soon join their names to the roll, so that we may promote humane work in all its lines, and especially do I ask each member of the Twentieth Century club to help further the cause which they, out of their love and generosity, started two years ago this month.

Their Sister Died.

Mr. and Mrs. E. O. Foland and children, Ray and Vada, Miss Elsie Gibson and Lela and Clyde Gibson, Mr. and Mrs. W. P. Patterson, the sister of Mrs. Foland, Mrs. Howland, Mrs. Frank and Miss Gibson.

Mrs. E. L. Ferritor and little son went to Clyde Thursday to spend the day.

INDICT NINE FOR COAL LAND GRAB

Railroad President, Bankers and Brokers Charged With Fraud.

10,000 ACRES ARE INVOLVED.

Indicted Men Alleged to Have Conspired to Get Alaska Coal Lands Valued at \$10,000,000 by Fraud—A. C. Frost Chief Beneficiary.

Chicago, March 17.—Nine men, including a former railroad president, bankers, brokers and financiers, were indicted by the federal grand jury in the Matanuska river coal land cases. The men are charged with having conspired to defraud the United States government out of 10,000 acres of coal lands, valued at \$10,000,000. Those indicted are: A. C. Frost, former president of the Alaska Northern railroad and president of A. C. Frost & Co.; George M. Seward of Chicago, receiver for A. C. Frost & Co.; Pierre G. Beach of Chicago, former secretary of the Alaska Northern railroad and secretary and treasurer of the Frost company; Frank Watson of Spokane, Wash.; George A. Ball of Muncie, Ind., said to be financial backer of Frost; Duncan M. Stewart of Seward, Alaska, formerly manager of the Southern bank of Toronto, Canada; Harry C. Osborne of Toronto, Gwyn L. Francis of Toronto, Francis H. Stewart of Toronto. The last three are bankers and brokers.

There are two counts in the indictments, which is drawn under what is known as the conspiracy statute. The penalty provided in a fine of \$10,000 or imprisonment for two years.

FOR TAX ON INCOMES

Resolution Favoring Amendment Adopted by Missouri Legislature.

Jefferson City, Mo., March 17.—The house passed the senate resolution ratifying the income tax amendment to the constitution of the United States. Both branches have acted favorably on the resolution.

Governor Hadley signed the bill submitting a \$3,000,000 new capital proposition to the voters at a special election in August. If this carries the house resolution passed by the senate submitting a \$5,000,000 new capital proposition to the voters at the next general election will be abandoned.

The house refused to concur in the senate resolution, asking to investigate the office of state attorney of St. Louis.

NO CASH TO BRING WIFE HOME

Immigration Officers May Not Allow Mrs. Emma Bougher to Return.

New York, March 17.—Immigration authorities face an unusual dilemma in the case of Mrs. Emma Bougher of St. Louis, fifty-six year old.

Recently she returned from a visit to her old home in England and is without funds for the railway fare to Missouri. Her husband, seventy-four years old, has sent word that he cannot supply the money, and since he has not been naturalized, notwithstanding his twenty-eight years' residence in St. Louis, the immigration officers may have to send the wife back to England unless some one comes forward with funds.

Mrs. W. J. Bryan's Handbag Stolen. New York, March 17.—Mrs. William Jennings Bryan was robbed at a matinee in this city of a seal handbag containing \$75 and valuable souvenirs collected by her and her husband in their recent travels.

WOMEN'S BEAUTY.

Imperfect Digestion Causes Bad Complexion and Dull Eyes.

The color in your cheeks won't fade, the brightness in your eye won't vanish, if you keep your stomach in good condition.

Belching gas; heaviness, sour taste in mouth, dizziness, biliousness and nausea occur simply because the stomach is not properly digesting the food.

The blood needs nourishment to carry vigor, vim and vitality to every part of the body, and when food ferments in the stomach enough nourishment is not supplied.

Mi-o-na stomach tablets give instant relief to upset stomachs, but they do more: they put strength into the stomach and build it up so that it can easily digest a hearty meal without giving its owner hours of misery.

"I had stomach trouble for six years—for days at a time could eat nothing at all. After taking Mi-o-na treatment I am in perfect health and can eat anything."—E. M. Campbell, 1290 S. Prospect St., Sedalia, Mo.

Mi-o-na is sold by druggists everywhere and by the Orear-Henry Drug company at 50 cents a large box. It is guaranteed to cure indigestion or any stomach distress, or money back.

Born With a Bank Account.

Were you born with a bank account? Haven't you often envied the fellow who was? A bank account is the stepping stone to fortune—the signboard to success—and it matters not how you came into the world, we are going to make it possible for some of the little fellows of the future to begin life with a savings account.

We are going to place to the credit of every child born in Nodaway county between April 1, 1911, and April 1, 1912, a cash deposit. The amount will be small, to be sure, but it will be a beginning and will come as free as the air. A certificate of deposit for twenty-five cents will be given to every such child that will bear four per cent compound interest until he is twenty-one years of age, when the whole amount may be drawn.

If he adds his spare pennies to this little account during childhood and youth, he will enter manhood with a handsome balance to his credit. You may also begin a savings account now. It is never too late to begin.

RADIANT HAIR.

Any Woman Can Have It by Using Parisian Sage.

Madam: If your hair isn't just what you would like it to be, why don't you use Parisian Sage.

If it does not put life and luster into the hair and cause it to grow abundantly you can have your money back from the Koch pharmacy.

"I cannot say enough in its favor. Two years ago I lost all my hair, I saw Parisian Sage advertised and thought I would try it. Before I had finished using the first bottle my hair had stopped falling and my head was covered with new hair; also removed all dandruff, and today I have a lovely head of hair.

I think Parisian Sage the best hair restorer and dandruff cure in the world today. It also makes the hair clean, fluffy, and silky, and I would

recommend it to every one who wishes a hair restorer and beautifier."—Miss Mary E. Dickson, 287 South avenue, Bridgeton, N. J., 1910.

For men, women and children, there is no hair preparation that equals Parisian Sage; it never disappoints; it does just what the American makers advertised it to do. It banishes dandruff, kills the dandruff germ, stops falling hair of scalp itch, or money back. Sold by the Koch pharmacy and druggists everywhere. Large bottle 50 cents.

PROF. OSLER IS RIGHT

YOUTH ALWAYS SUCCEEDS AGE.

Osler isn't the only man who turns down old age. In the business world the "young man" is always the one who picks the plums. It is an age of "new thought," "new talent," etc.; and the old man is passed by in the race.

One of the first signs of coming age is the appearance of gray hairs. When you see them, act promptly. Wyeth's Sage and Sulphur Hair Remedy will correct this sign, which so often deceives people into thinking that age is really upon them. It is a well-known fact that Sage and Sulphur will darken the hair. Wyeth's Sage and Sulphur combines these old-time remedies with other agents which remove dandruff and promote the growth of the hair.

The manufacturers of this remedy authorize druggists to sell it under guarantee that the money will be refunded if it fails to do exactly as represented.

This preparation is offered to the public at fifty cents a bottle and is recommended and sold by

W. S. Pharmacy.

Mothers' Circle Postponed.

The meeting of the Mothers' Circle which was to have been held Friday afternoon, has been postponed a week, owing to the death of two of its members, Mrs. Walter Wiles and Mrs. John Moore of South Main street.

Y. L. Mission Circle.

The Young Ladies' Mission Circle of the First Christian church will meet Saturday afternoon with Mrs. G. B. Roseberry.

To Entertain Bible Classes.

Mr. and Mrs. Paul Boyer, the latest bride and groom, will entertain the Philathea class and Good Fellows of the First Christian church Bible school, of which classes they are members, Thursday evening, at the home of Mr. Boyer's parents, Mr. and Mrs. John Boyer. The host and hostess will send conveyances for their guests to and from their home.

Will Address High School.

State Superintendent of Schools W. P. Evans addressed the high school students at assembly hour Wednesday afternoon. At Monday's assembly Miss Ada Clayton and Miss Allie Frazer gave a piano duet, "The Mill in the Black Forest."

Entertained at Dr. Miller's.

Dr. and Mrs. Jesse Miller entertained the doctor's brother, Dr. Ed Miller, of Hopkins, and Dr. and Mrs. Gus Durant of St. Joseph during the meeting of the dental association.

Had Stanberry Guests.

Dr. and Mrs. R. R. Dunshee of Stanberry and Mrs. and Mrs. Lee Linneberry of Des Moines, Ia., were Tuesday dinner guests of Dr. and Mrs. J. C. Allender. Dr. Dunshee was here to attend the meeting of the dental association. Mr. Linneberry is a brother of Mrs. Allender.

For St. Patrick's Day.

Faith, an' it will be "St. Patrick's day in the evening" at the First M. E. church Friday night, when the Epworth League will celebrate the day with their friends, who are all cordially invited to attend.

Is Guest of Student.

Dr. J. H. Prothero of Chicago, an instructor in the Northwestern University Dental school, who came to Maryville to address the District Dental association, was the guest of Dr. and Mrs. L. C. Allender Tuesday and Wednesday. Dr. Allender was a member of some of Dr. Prothero's classes while a student at Northwestern university.

Trophy Cups to Trustees.

The W. R. C. and G. A. R. will meet Saturday afternoon to place the trophy cups they recently purchased in the hands of their trustees. The W. R. C. will meet at 2:30 o'clock, the G. A. R. at 3 o'clock. It is earnestly desired that each member be present and on time, and the ladies will please bring their books. These cups, it will be remembered, are to be contested for each year by State Normal and high school students of the Northwest Normal district in patriotic historical contests that will serve to perpetuate the memory of the donors of the cups, the Sedgwick post, G. A. R., and Woman's Relief Corps. The contests are to be held on or between the anniversaries of the birth of Washington and Lincoln.

Entertained T. N. R. Club.

The T. N. R. club met Tuesday night at the home of Miss Helene and Mr. Ervin Young, two of the club members. This was the second meeting of the club, the first having been held last week to organize and elect officers. The officers elected were: President, Bessie Brown; vice-president, Fred Lewis; secretary, Ervin Young; treasurer, John Owen Murrin; sergeant-at-arms, Bess Sechrist. This club will meet every two weeks for a social time. Dominoes and music furnished amusement, after which refreshments were served. The

hostess was assisted in entertaining by her sister, Selma Young.

The club members are Misses Neva Airy, Lucille Airy, Marie Wells, Helen Dunn, Bess Sechrist, Bessie Brown and Helene Young, Messrs. John Owen Murrin, Fred Lewis, Herschel Colbert, Fleming Carpenter, Paul Denny, Robert Wells, Leiber Holmes, Hosick Holmes, Clun Price and Ervin Young.

Entertained for Cousin.

Miss Lora Stockton entertained the members of the E. N. D. club and other friends Thursday evening at the home of her grandparents, Mr. and Mrs. S. H. Townsend, at 507 East Fourth street, to honor her cousin, Mrs. A. E. Foster of Anadarko, Okla. The game of forty-two at dominoes was played, Miss Stella Mason winning the favor, the guest favor going to Mrs. Foster. A dainty luncheon was served. The guests received favors symbolic of St. Patrick's day, the game favors also being emblems of that day. The guests were Mrs. Foster, Miss Fannie Andrews, Miss Kittie Grems, Miss Golda Airy, Mrs. Alpha Bishop, Miss Lola Goforth of Bolckow, and the members of the club: Miss Flora Lippman, Miss Stella Mason, Miss Mabel Mason, Miss Charlotte Murrin, Miss Mary Thomas, Miss Inez Fleming, Miss Bess DeArmond, Miss Lora Stockton.

I X L Embroidery Club.

Mrs. Smith Casteel entertained the I X L Embroidery club at her home, on East First street, Wednesday afternoon. All the decorations were in green and white and suggestive of St. Patrick's day. Several piano selections were given during the afternoon by Miss Vernie Thomas. A dainty two-course luncheon in green and white was served by the hostess, assisted by her daughter, Mrs. Guy Muttz. The members of the club present were Mrs. W. R. Wells, Mrs. I. W. Nixon, Mrs. J. H. Eckles, Mrs. John Bantz, Mrs. J. B. Henderson, Mrs. W. V. Norris, Mrs. Cooper Gooden, Mrs. Ernest Welborn, Mrs. Preston Seafers, Mrs. J. B. Johnson, Mrs. David F. Mitchell, Mrs. Anna Stauble, Mrs. Robinson Craven and Mrs. Casteel. This was the first meeting of the club that one of its members, Mrs. William A. James of Skidmore, had missed attending, and she was missed. Mrs. James, who was Miss Vida Mitchell, has just become the mistress of her own home at "Hill Crest," four miles from Skidmore. The visitors present were Mrs. Walter Muttz, Mrs. Roland Thomas and daughter, Miss Vernie Thomas, and the three daughters of the hostess, Mrs. Guy Muttz and Mrs. George Wallace and little daughters of Maryville, and Mrs. Frank Green and two little sons of Skidmore.

Entertained Class.

Owing To The Fact That

We Spend One-Third Of Our Life in Bed.

in what way could we spend money to a better advantage than to buy a Good Mattress. We would like to have just ninety-nine of our good people in and around Maryville who want the best that money can buy to call at our store and see what we have. We have an entire new creation in the mattress line. A Box Spring, Hair Mattress--Ostermoor, or any other is not to be compared to it. Now it costs you nothing to look but we would like to show you what we have. We say what we mean and mean what we say when we say that we have the best thing of its kind in the country. Call and see it and if you don't want to buy it after seeing it we do not want you to have it. But if you want the best bed that can be had we have it. Do us the kindness by calling and see this fine bed.

Mrs. Linneman has been recorder of the camp for the past three years and she will soon leave with her family to make her home in Sacramento, Cal.

Aid Society Social.

The Ladies' Aid society of the First Christian church met in a social meeting Thursday afternoon at the home of one of its members, Mrs. James B. Robinson. The society meets every Thursday for work, and it will now be the aim of the society to meet once a month socially. Thursday's meeting was to enable the new members to become acquainted with the society's older members and their work. The ladies occupied themselves with fancy work during the afternoon. The hostess, assisted by the society's president, Mrs. R. L. McDougal, Mrs. Will Wallis, Jr., and Miss Lela Chilton of St. Joseph, served refreshments to her guests and furnished music the while from her Reginaphone.

Mrs. James Herndon of Colorado Springs, Col., who has been visiting her sister, Miss Gladys McKee, who is teaching near Pickering, was in Maryville Friday morning on her way to Parnell to visit her parents.

FREE LECTURES OF INTEREST TO FARMERS

EXPERTS FROM COLLEGE OF AGRICULTURE TO TALK ON FARMING, IN THE COURT HOUSE
7:30 P. M. THURSDAY, MARCH 23rd

Josephine, the World's Champion Cow, to be Exhibited Free on Special Wabash Train

EVERYBODY SHOULD ATTEND

An event of unusual interest, not only to the farmers of our county but to the people generally, are the coming lectures by the experts of the College of Agriculture, University of Missouri, and of the State Board of Agriculture.

The Democrat-Forum is informed that the Wabash special train, carrying the experts and their exhibits, will arrive at Maryville at 7:00 P. M. Thursday, March 23. The lectures will be delivered in the Court House, and everybody is cordially invited to attend.

The lectures will include such interesting subjects as "Better Farm Methods," "Modern Dairying," "Spraying," "Horticultural Work," "Soil Improvement," "Better Live Stock," etc.—every subject of great interest.

An especially attractive feature of the exhibits carried on the special train will be "Missouri Chief Josephine," the world's champion cow, which, as some of us know, was born and raised on the Missouri Agricultural Farm. She offers wonderful evidence of the real dollars and cents value of farm methods as practiced at the College of Agriculture, and about which we are to hear at the lectures. There will also be shown some other thoroughbred stock owned by the College of Agriculture. This is some of the best stock ever produced in Missouri, or any other state, and undoubtedly is interesting to see.

The Democrat-Forum sincerely believes that these lectures of great interest and real practical help to everyone who hears them.

NEEDFUL KNOWLEDGE.

Maryville People Should Learn to Detect the Approach of Kidney Disease.

The symptoms of kidney trouble are so unmistakable that they leave no ground for doubt. Sick kidneys excrete a thick, cloudy, offensive urine, full of sediment irregular of passage or attended by a sensation of scalding. The back aches constantly, headaches and dizzy spells may occur and the victim is often weighed down by a feeling of languor and fatigue. Neglect these warnings and there is danger of dropsy and other serious troubles. Any one of these symptoms is warning enough to begin treating the kidneys at once. Delay often proves fatal.

You can use no better remedy than Doan's Kidney Pills. Here's Maryville proof:

G. W. Hempstead, East First street, Maryville, Mo., says: "When suffering from an extreme sensitiveness in the small of my back, I was advised by a friend to give Doan's Kidney Pills a trial. I procured a box at Charles A. Love's drug store and they lived up to representations. I have never had any trouble from my back or kidneys since."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

Remember the name—Doan's—and take no other.

IT GROWS HAIR.

Here Are Facts We Want You to Prove at Our Risk.

Marvelous as it may seem, Rexall "93" Hair Tonic has grown hair on heads that were once bald. Of course, in none of these cases were the hair roots dead, nor had the scalp taken on a glazed, shiny appearance.

Rexall "93" Hair Tonic acts scientifically, destroying the germs which are usually responsible for baldness. It penetrates to the roots of the hair, stimulating and nourishing them. It is a most pleasant toilet necessity, is delicately perfumed, and will not gum or permanently stain the hair.

We want you to get a bottle of Rexall "93" Hair Tonic and use it as directed. If it does not relieve scalp irritation, remove dandruff, prevent the hair from falling out and promote an increased growth of hair, and in every way give entire satisfaction, simply come back and tell us, and without question or formality we will hand back to you every penny you paid for it. Two sizes, 50c and \$1.00. Sold only at our store—the Rexall Store. The Great-Henry Drug Co.

Mrs. J. B. Pride and children of Edmond, Okla., who have been visiting her sick mother, Mrs. Ben Howard, living north of Maryville, left for their home Thursday evening.

SKIN AND SCALP TROUBLES.

Yield to Zemo Treatment—A Clean Liquid Preparation for External Use.

Charles Love, druggist, is so confident that Zemo and Zemo soap used together will rid the skin or scalp of infant or grown person of pimples, blackheads, dandruff, eczema, prickly heat, rashes, hives, ivy poison or any other form of skin or scalp eruption, that they will give your money back if you are not entirely satisfied with the results obtained from the use of Zemo and the soap.

The first application will give prompt relief and show an improvement and in every instance where used persistently, will destroy the germ life, leaving the skin in a clean, healthy condition.

Sold and guaranteed by druggists everywhere and in Maryville by Charles Love.

Let us show you proof of some remarkable cures made by Zemo and give you a 32 page booklet how to preserve the skin. Charles Love, druggist.

Constipation Cure Free

With the first signs of constipation you resort to the home methods of relief, such as hot or cold water on arising, lots of stewed fruit with your breakfast, etc., but what do you do when these fail?

The majority then start on salts and purgative waters, then change to cathartic pills, etc. If you have gone through these various stages you know they were all useless, so far as permanent results go. Now you should try just once again, but try something practical and sensible, a remedy made and intended for the purpose you are trying to accomplish. Such a remedy, as thousands can testify, is Dr. Caldwell's Syrup Pepsin, which is guaranteed to be permanent in its results. Its ingredients are such that by a brief use of it the stomach and bowel muscles are trained to again do their work normally, so that in the end you can do away with medicines of all kinds. That it will do this Mr. G. Y. Dodson of Sanville, Va., will gladly attest, and so will Mrs. S. A. Hampton of Portage, O.

To those who are still skeptical there is a way to prove these assertions without a penny of expense: Simply send your name and address to Dr. Caldwell and obtain a free sample bottle. After using it, if you are then convinced it is the remedy you need, buy a fifty cent or one dollar bottle of your druggist and continue to use it for a brief time until cured. The directions are simple and the dose is small. It is pleasant to the taste, does not gripe and is promptly effective, and these statements are guaranteed of money will be refunded.

This remedy is over a quarter of a century old and is personally taken by more druggists than any other similar remedy on the American market. Because of its effectiveness, purity and pleasant taste it is the ideal laxative remedy for children, women and old folks generally. Dr. Caldwell personally will be pleased to give you any medical advice you may desire for yourself or family pertaining to the stomach, liver or bowels absolutely free of charge. Explain your case in letter and he will reply to you in detail. For the free sample simply send your name and address on a postal card or otherwise. For either request the doctor's address is Dr. W. R. Caldwell, 11-55 Caldwell building, Monticello, Ill.

WHAT THE HUMANE SOCIETY SHOULD BE

(Continued from page 1.)

The long, sharp whip he always carried, his excuse for it being that "whips are cheaper than oats." Maybe, if any of us get to heaven we will see that team, and, maybe, the driver and his whip will be on the outside.

This Kansas City society being our model, we should look to that part of the agent's reports for last year which say, "Horses humanely killed, 287." Certainly those two horses were fit subjects for being humanely killed, but, there being no placed authority for so doing, they continued their miserable existence, goaded still one step farther by the tyrannical whip.

We may say that the heartlessness in a man of this class is due to unthinking, hidebound ignorance, but there has been another man in Maryville on a higher mental plane than the foregoing, to whom humane education and reform might be justly applied. He was a preacher, and owned two pigs and a cow. The pigs wintered in a little two-by-four pen, and spent most of their time squealing because of the cold which came through the cracks between the boards. You may know, as this supposedly intelligent man should have known, that a pig is the thinnest haired creature there is; that is why he suffers so in winter, and why we read so often of car loads of hogs being frozen on the tracks in shipment. Also, during the heated season, he has not the relief afforded by perspiration, having no sweat glands in his thick skin; this again is the reason why a fat pig, in the summer time, takes supreme delight in a nice, cool, muddy wallow hole, as we do in a clean bath tub.

This preacher's pigs eventually went to their hereafter, but the cow tarried with him awhile. During the winter she was improperly cared for and scantily bedded, so that at all times she was suffering. This was given attention till it healed, when she was turned into a pasture so thickly shaded that the grass was without nourishment, and she had no water from morning till night. Aside from the misery caused the cow, what of the healthfulness of the milk that was being used?

Along the line of work in Kansas City is that of stables being inspected and better shelter provided, these cases of last year numbering 317. The need for a stable inspector was exemplified several years ago in Maryville, when, during a late wet spring, a number of horses stood in the collected mud and mire until their hoofs came off and the owners were mildly incensed because a veterinarian could not grow new feet on them, and they had to be killed.

This arraignment of instances is not given to create the impression that horse folks are unduly cruel, but to let you know that there are cases of animal abuse right at hand which as much need the exercised power of some kind of authority as do those in a larger city.

These are past incidents, but similar ones may come up with which humane society officers or members may deal.

During 1910 the number of cases in Kansas City attended to totaled 13,657. Of these, those relating to whole families, adults and children numbered 1,588; those affecting animals numbered over ten thousand, and this summary does not cover the operations of the committees on education and legislation, the work of the Audubon committee, or the thousands of welfare actions of the individual members of the society of which no written record is made. The work there covers everything from human beings to cats, birds and chickens.

So, is it to be or not to be for Maryville? We might go on forever having our nerves racked by the sight of pain inflicted by man just because he may. Shall we eliminate this by having a society established and having it as it should be?

A little love goes a long ways with man, woman child and beast, but if, with some men, the exercise of love is an unknown quantity, no doubt a little fine would do much toward touching his sensibilities. A man's heart is often reached by pulling on his purse strings as it is through his stomach. We shall hope for a society based upon humanity, preached at home, and spreading abroad to everything which has the capacity to suffer, thinking and remembering always that it is not—

"So many laws, so many creeds,
So many paths that wind, and wind,
When just the art of being kind
Is all the sad world needs."

Rheumatism
I have found a tried and tested cure for Rheumatism. Not a remedy that will straighten the distorted limbs of chronic cripples, nor turn bony growths back to flesh again. That is impossible. But I can now surely kill the pains and pang of this deplorable disease.

In Germany—With a Chemist in the City of Darmstadt—I found the last ingredient with which Dr. Shoop's Rheumatic Remedy was made a perfected, dependable prescription. Without that last ingredient, I successfully treated many, many cases of Rheumatism; but now, at last, I can fully cure all curable cases of this heretofore much dreaded disease. Those sand-like granular wastes, found in Rheumatic Blood, seem to dissolve and pass away under the action of this remedy as freely as does sugar when added to pure water. And then, when dissolved, these poisonous wastes freely pass from the system, and the cause of Rheumatism is gone forever. There is now no real need—no actual excuse to suffer longer without help. We sell, and in confidence recommend
